**33 The *LODGING* Guide to Management Companies**

Hoteliers looking to partner with a management company will find everything they need to know in *LODGING*'s 2016 Guide. Featuring 50 of the top management companies in the United States, including both established companies and up-and-comers, the guide includes important data like total gross revenue and number of properties managed. Also included in this year's guide are interviews with management executives, tips from the experts, and good advice for anyone looking to enter a management contract.
